SKIN THERAPY

OXYGEN

After the age of 30, skin cell production decreases noticeably. With 70% more oxygen than regular tap water, our Pure Bubbles System will increase the skin cell regeneration process and make your body feel glowing, radiant and plumped through the stimulation of your natural collagen production.

PURITY

This revolutionary treatment will clear the skin by **exfoliating and removing the impurities** within the skin pores. It will lighten superficial skin imperfections and pigmentation spots while naturally blending the skin tone.

ANTI-AGING

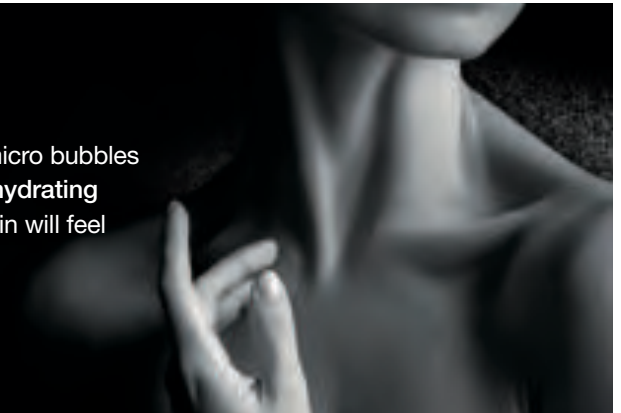

Our Pure Bubbles System cleanses, hydrates, revitalizes and tightens the skin. You will immediately see a reduction of the fine lines and wrinkles combined with an improved, moisturized skin elasticity resulting in a truly rejuvenated and radiant skin.

For those who suffer from severe dry skin, eczema, psoriasis or ichthyosis and are experiencing any type of dermatosis such as rashes, itching and redness, our Pure Bubbles System will, without any additives, clean and relieve dry, itchy skin by cleansing, exfoliating and rehydrating the skin. Our Pure Bubbles System is the answer to provide relief with a non-invasive solution, in just 20 minutes.

FOUNTAIN OF YOUTH

Immerse yourself in an effervescent bath with millions of oxygen-rich micro bubbles that will make you feel better and look younger by moisturizing and hydrating at the same time. See immediate results after only 20 minutes; your skin will feel softer and rejuvenated.

ENJOY THE FEELING OF A SUPER OXYGENATED AND EFFERVESCENT WATER SENSATION.

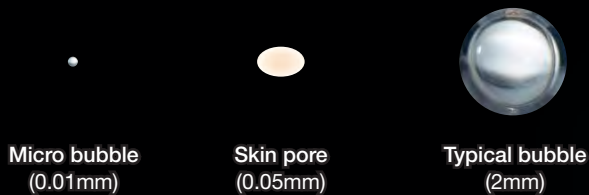

THE SCIENCE

Micro bubbles are 10 microns in diameter. Since they are smaller than the skin pores which are around 50 microns in diameter, they will **exfoliate and clean all skin pore impurities while removing** the fatty acid and bacteria that cause body odor.

YOUR BODY CRAVES WATER AND OXYGEN. THEREFORE, ONCE DEEPLY CLEANED, your skin will absorb the maximum of oxygen enhancing the skin cells metabolic health and growth and encouraging the release of toxins.

DISOLVED MICRO BUBBLES WILL ALSO GENERATE A HIGH PRODUCTION OF ANION, more than 80.000 ions/c.c. which will have a therapeutic effect improving your serotonin level that will give you a feeling of well-being, calm and provide you with a deeper sleep.

THE PROCESS

PURE BUBBLES SYSTEM is a combination of water pressurized with ambient air. A pressure pump propels the mixture of air and water into a special patented fitting that breaks down each air bubble into micro bubbles **CREATING A DENSE WHITE CLOUD WITHIN THE BATH WATER.**
